SCHELLVILLE

The "Jolly Tuchi" club met at the home of Mrs. Geo. Cassidy on Wednesday aft and the members report a pleasant time.

Mr. and Mrs. Logan Beamer and daughter represented Shellville at the Exposition Wednesday.

Little Jimmie Taylor called on several of his friends here Wednesday.

Jack Wilson of Locust Grove is visiting friends at Kenwood this week.

Leland Brubeck of Buena Visita visited relatives at Concord Tuesday of last week

Mrs. A. Landsborough left Monday for a brief visit to S. F.

Mrs. Ernest Arbogast of Pasadena had a delightful visit with her sister, Mrs. Fred Helberg, a few days this week

Tony Neufer of Petaluma made a business trip in this vicinity Wednesday.

Charlie Potter was among the Santa Rosa visitors Monday.

A few S. F. friends are enjoying a visit with Mr. and Mrs. J. Canning, of Broadway.

Mrs. Wm Church is visiting her sister this week.

Last Saturday evening the "Jolly Twelve" club assembled at the Jake Schumacher home and were given a hearty welcome. The club had a jolly time at the home of Fred Schellville on the eve of Feb. 13, and all speak well of the hospitality extended.

Miss Helen Johnson and Wm. Jacobson spent Sunday with Mrs. E. Steddom, both of whom have farms adjoining here.

Ernest Schefer came down from Santa Rosa on Wednesday to visit his little daughter Emma, who resides here

Mrs. Manuel Sousa and little child, of Oakland, are spending the week with Mrs. A. Silva, the lady's mother.

Joe Keechler and family journeyed to Petaluma last Sunday, enjoying a visit with Mr. and Mrs. Rieble.

HAPPY JACK.

VINEBURG

"Genial" Ben Meyers, of Embarcardo, was the guest of his old friend A. W Lehrke at New Vineburg Inn, on Sunday last. Ben has many friends in this vicinity and is as "welcome as the flowers in May."

Emelio Batto of this place is on a visit to friends in the Bay cities and expects to be gone several days

Messrs. Pray and Testorelli, two of Santa Rosa's well-known sign painters and decorators, have been engaged the past week in this vicinity painting signs for the Sperry Flour Co. and the grain warehouse of Dolph Rubke at Vineburg, and the fine work done on warehouses of John Batto & Sons, bear evidence as to the ability of those gentlemen as artists. Before leaving this part of the valley they will paint and decorate A. W. Lehrke's New Vineburg Inn. Both gentlemen are pastmasters in their business and can decorate anything from a china flower vace down to a cow barn.

Sunday being what we would call an ideal day, after the long wet spell, quite a number of visitors from all parts were seen in the burg, and New Vineburg Inn looked as it did in the "good old summer time."

Chas Groskopf visited the Exposition city on Sunday last and returned the same day. Charlie is getting wise and arrives at the Ferry in time to catch the boat.

Mrs Fred Batto, accompanied by her daughters, Misses Louisa and Emily Batto and son, Fredrick Batto, were visitors at the Fair on Wednesday last.

Quite a number of residents of this part of the valley boarded the train at Vineburg station last Wednesday to enjoy the festivities of Sonoma County Day at the grandest Exposition of modern times.

The Gundlach-Bundshue Wine Co.'s plant at "Rhine Farm" was closed down Wednesday to allow its employees to celebrate Sonoma County Day in the "Jewel City." The G. B. Wine Co is all right! So say we, all of us.

EASY JIM.

News Gathered From Near and Far---Local Brevities---Personal Mention

Brevities

Work on the Bullatti Block is under way and will be rushed to completition. The building will be occupied by the Sonoma Valley Furniture Co.

Reader, do you know that the reflection of the illumination at the Exposition can be seen from Sonoma on any clear night? Look in a southeasterly direction and see for youselves and while you look know that you are viewing the reflection at a distance of between 25 and 30 miles in a direct line.

"Bob" Patterson, as he is familiarly called by many of his friends in and about the Palace hotel, of Sonoma, last week discovered the breeding place of seventy-five bats. The abode of the bats was located in crevices between the brick chimney and the wooden wall on the outside of the hotel.

Those who climbed the hill to the north of Sonoma on Wednesday evening saw the beautiful volcanic effect on the top of Mt. Tamalpais, when tons of powder were burnt.

A much-needed and artistic cement walk has been built across Napa street at the Postoffice. Let the people of the northeastern section of Sonoma give thanks. Not only will the people going to and from the postoffice be benefitted, but the City Trustees have ordered crossings in front of the Library and on Napa street in front of the Union stables.

The following apportionment of school funds was made by Miss Florence M. Barnes, Sonoma Co. Superintendent of Schools, for the Sonoma Valley schools: Dunbar, $130; El Verano, $648; Enterprise, $94; Flowery, $220; Glen Ellen, $356; Huichia, $202; San Luis, $232; Sonoma, $910; Triniti, $88; Tule Vista, $130; Watmaugh, $166.

The flag was hoisted on the City pole on the occasion of Sonoma Valley Day at the Exposition.

There are fifteen brickmasons at work on the new school building. Among them is one who has a record of laying 3,000 brick in one day.

Collins & Mohr, proprietors of the Don Theater, through untiring efforts, have secured for their patrons Jack London's famous Sonoma Valley picture, which was one of the reasons for this famous author making his home in this vicinity, "The Valley of the Moon." This picture is to be presented here tonight and tomorrow night in six reels by the Bosworth Company, Inc.

L. B. Lawson, of the Lawson-Rinner Optical Co., of Santa Rosa, will be at the Union Hotel, Sonoma, on Thursday, Mar. 18th. *

Announcement is made of the opening of a music studio in the old library building, by Miss Alta L. Rice, teacher of piano and harmony. All those interested in lessons call at the studio Tuesday or Saturday afternoons, or call Suburban 55. *

Mr. P. Basaglio, who constructed the three cement crossings, is to be congratulated on the speed and nicety of the work. Mr. Basaglio is also laying a cement sidewalk in front of the lot recently purchased by Leiser & McDevitt, adjoining their garage.

The person who furnishes items for a newspaper is always a valuable friend to the editor. Many persons hesitate about sending items to a newspaper regarding the movements of friends, lest the editor should think them anxious to see their names in print. He will think nothing of the kind, but on the contrary he is always glad to get such items. Many seemingly unimportant notes when printed are news to a large number of readers.

Personal Mention

Mrs. G. W. Cowgill, who has been in San Francisco for the past month visiting her brother, who has been ill for some time, has returned home. While in San Francisco Mrs. Cowgill was the guest of honor at several luncheons and theater parties. While in the metroplis she visited the Exposition on many occasions. The wide circle of her friends here welcome the homecoming.

Mrs. Charles Birdsall, of San Francisco, arrived in Sonoma Saturday evening and after an enjoyable visit with Mrs. H. H. Granice, returned home Wednesday evening.

F. I. Cocks, outside man of the Santa Rosa Republican, motorcycled to Sonoma Tuesday. He reported road traversed on that day as good.

Mrs. W. H. Hamilton, who advertises dressmaking in another column, has had experience in her line of work in Portland and S. F.

Howard Knight, one of Shellville's progressive citizens and well known throughout Sonoma Valley transacted business at Battos Spur, on Monday.

W. J. Hiser, one of the pioneer poultry men of this part of the Valley and an expert in his line of business, which is fine poultry, transacted business in the Bay Cities on Friday of last week.

Misses Mary Batto and Norma Figone of San Francisco arrived on Tuesday last and are the guests of Mr. and Mrs. John Batto.

Mr. G. Rutz, a well-known citizen of Buena Vista, has returned from Livingston, Merced county, where he has been visiting his family.

THE EVENT.

Sonoma County Day At The Exposition.

Sonoma County Day is one that will soon be history but to be put down in the memories of all who attended, as one of the days that was without a doubt the most pleasant day spent at the Panama-Pacific International Exposition.

We can now say we visited the Fair, but can we say we all saw it? From the general remarks of our folks who visited the greatest of all Fairs, it would take about a week to see it all. The exhibits in the various buildings were so attractive it was impossible for the visitor to see the many beautiful displays of the various States, those offered by the different nations of the world and the wonderful attractions presented. The visit to one building creates a desire to see them all, but after you have seen the exhibits of about three buildings, out comes your watch and you wonder how the time flies. Of course we all visited the Zone, which occupies a great deal of time merely to look over the concessions, let alone visiting them.

The program arranged for Sonoma Crunty Day was carried out as prearranged. The auto parade started from the Palace Hotel at 9:45 a. m.. The Sonoma County Committee was greeted upon their arrival, by the Exposition officials, at the Scott street entrance, while a reception committee met the Sonoma county delegation at the Exposition ferry. After the arrival of nineteen carloads of visitors from the Sonoma Valley, the Exposition officials presented the county with a bronze tablet in the California building, after which addresses were made by Dr. Thomas Maclay and District Attorney Clarence F. Lee. There was also a reception at the Sonoma County exhibit, followed by music by the official county band. During the afternoon the band rendered many selections under the leadership of Prof. J. K. Witzman.

The beautiful building erected by the Southern Pacific Co. was also dedicated.

During the evening the illumination was a beautiful spectacle. The display was shown by scintillators, with a grand display of fireworks.

While we were enjoying the fireworks in the city, a local bunch of boys walked to the top of Schocken's Hill to see the mimic volcanic eruption on Mt. Temalpais. After they had waited patiently for hours decided that tney were "stung." They started homeward and one of the crowd started to slide down the hill. After sliding some distance he picked himself up and tolu his companions he saw an eruption but not on Tamalpais, and it loomed up so fine that he thought he saw all the fireworks in —ll.

Boys, you should have waited a couple hours longer as there really was a mimic eruption on Mt. Tamalpais but it was late to start. During the early hours of the evening many visitors from Sonoma Valley visited the Zone and were so interested in the various consessionaires, that they forgot that there were fireworks and electrical displays going on. Many remained until they were forced to leave or else miss the special Northwestern Pacific boat that left the Exposition ferry at 9:30.

There is no doubt the day was enjoyed by all as most of the visitors from our part of the valley enjoyed a pleasant sleep on the train while coming home.

The Sonomaites had the pleasure of witnessing the dedication of the Australian building. This building is a beautiful structure and the exhibit of the products of that country is one of the finest of its kind to be seen at the Exposition. The exterior of the building and grounds surrounding it makes one of the most artistic in the "Great City of Jewels."

State Board of Forestry.

The California State Board of Forestry is charged with the duty of supervising all matters of forest management and forest policy coming under the direction of the State.

In the performance of this duty there is a consensus of opinion expressed by the Board through the State Forester, Mr. G. M. Homans, concerning the vital provisions of an adequate forest protective policy for California.

Under existing conditions in the State a protective measure must provide unquestionably for the following:

1. The protection of both publicly and privately owned timber lands and range lands against fire. This necessitates:

First—Provisions for effective co-operation between State, Federal, Municipal, County and private agencies.

Second—An adequate number of fire patrols during the fire danger season acting under competent authority.

Third—A definitely specified method of controlling and preventing fires and compensating fire fighters.

Fourth—Provision requiring that slash resulting from logging and wood cutting shall be disposed of.

Fifth—Provision requiring the railroads to keep their rights of way clear of inflamable debris through which fire might be carried to adjoining property.

Sixth—Provision requiring all steam engines operating in or near wooded or range land to be equipped with efficient spark arresters.

2. There must be a strong State forestry organization as a regular and important part of the State government, which shall be charged with the duty of looking after the interests of the people of the State in all matters relating to forestry.

There is a bill before the Legislature which makes all these provisions. Its aim is to protect every industry and to further the principles of conservation in California. The stockman, rancher, fruit-grower, lumberman, water-user and many others should be equally concerned in seeking the passage of this bill.

The Canal Built For National Purposes.

It is evident that the canal will have—must have—with the process of the years, an overwhelmning influence in readjusting the conditions of human life upon the globe. And yet it is questionable whether its present owner built it for the sake of Ecuador and Japan and the trade routes and the unveiling of the Pacific and the joining of, the world-halves.

I should rather say there is no question that he did not. The thought of all these things aided to dignify the task and give it background; but the United States built the canal in order to join together the two coasts of the country and give it compactness. The people voted it in their hearts while they were looking on to see the Oregon pick its lonely way around the Horn. Europeans generally allege that it was purely a military purpose that we undertook the work. That is inaccurate. Except for a few professionals, our militarism is limited to some sudden outbursts of short duration. Except when we are ourselves interfered with, or hampered or crossed with, we do not in general approve of war—at any rate we are disinclined to systematic preparation for war.

We shall have to say on the whole that we built the canal for national purposes, in spite of the Oregon incident and for the fortification of the canal. The first form of the Hay-Paunceforte treaty, the one which John Hay always insisted was the right one, forbade the fortification. It is quite possible still that Hay was right. Only time can tell. It is certain, however, that as we drew nearer the actual work, we became increasingly distrustful of a vague protection by the world at large. A terror siezed us as we came to realize how near our vitals lay the interests of the canal, and we were unwilling to take any risk.

The canal is ours. We have, for the time being, more interest in it than anybody else, but the lapse of the years and the usage of men will establish that great waterway ultimately in a protection surer than any one nation can create with walls and howitzers.—From "The Meaning of the Canal," by Benjamin Ide Wheeler, in the American Review of Reviews for February.

The Use of Fertilizers.

John S. Burd, Professor of Agricultural Chemistry in the University of California, tells of the fundamental principles of successful agriculture, as follows:

"Fertilization should be accompanied by proper cultivation of the soil. Fertilizers may be used to advantage:

"On soils which are naturally deficient in one or more of the commercially important plant foods (nitrogen, potash, phosphoric acid). When the soil has been grown to a single type of crop for many years.

"When growing high-priced crops.

"When labor is the principal factor in the cost of production.

"The kind of fertilizers to apply: The one which contains the kind of plant food in which the soil is deficient. The one which experience has shown to produce the best results with the given crop.

"The form of plant to apply: The one which experience has shown to be best adapted to the crop (soluble phosphoric acid rather than bone phosphate for turnips, for example). The one adapted to the type of soil. The one adapted to the stage of the growth of the crop.

"In the application of fertilizers: Easily soluble substances may be applied as a top-dressing. Less soluble substances should be worked into the soil. More than one installment may be frequently used to advantage, depending on its nature and that of the soil and crop."

No sympathy will be wasted by the masses of the people upon the thirty-six members of the Plumbers' Trust, just convicted by a Federal tribunal of violation of the anti-trust law. So odious is that merciless aggregation of financial gaspipe thugs that scarcely any punishment of them would awaken public compassion. Of all our trusts this one is probably the most cordially disliked.—Oakland Enquirer.

Some "Twenty Years Ago" In Old Sonoma

Sonoma is to have a bicycle club. Fourteen wheelmen met in Union Hall and signed the roll of charter membership.

"Marillo," the well-known race horse, who was leased by J. B. Chase, was sent up from San Francisco and placed in Mr. Chase's stables. This celebrated animal was one of the fastest running horses that ever wore an American bridle.

A delegation of Druids from Sonoma Grove, No. 75, consisting of Julius Fochetti, A. G. Bullotti, S. Ciucci, H. Castagnasso and T. Oliveri paid a fraternal visit to Petaluma Grove, No. 38, the occasion being a banquet given to the Grand officers.

The following were the salaries paid the Sonoma county officers, including deputies, as fixed by the new county government act twenty years ago: Sheriff, $6,200; Clerk, 5,000; Auditor, $1,000; Recorder, $3,900; Treasurer, $2,600; Tax Collector, $1,200; Assessor, $4,200; District Attorney, $2,400; School Superintendent, $2,000.

Julius Fochetti erected in his shop, on Spain street, a newly-patented shoeing machine by which a horse is suspended a foot or two from the ground, rendering the animal perfectly powerless, thus giving the shoer an opportunity to work without being kicked.

Large numbers of fruit trees are being set out in Sonoma Valley. O. Gericke, whose farm is located in the mountains, four miles from Sonoma, planted a prune orchard of 2,500 trees.

Jas. McMackin, of Schellville, one of Sonoma's wealthy farmers, is contemplating cutting up five or six hundred acres of land on the west side of Sonoma creek, opposite his home, into ten, twenty and forty acre tracts, which he will put upon the market.

George Breitenbach appeared before the Board of City Trustees and asked them what constituted a sidewalk in this city. They could not tell him. In a communication he asks the editor of the Index-Tribune to inform him as well as other bicycle riders, what legally constitutes a sidewalk under the city's ordinance prohibiting bicycle riding on the sidewalk. The editor replied as follows: "We might use the argument of some people we know of in this town and say 'why, a sidewalk IS a sidewald,' but that would not be answering the question. The word 'sidewalk' is of pure American coinage and means a walk for foot passengers by the side of a street or road. Webster or Worcester being the accepted authorities of this definition we really see no neeessity of a city ordinance defining what a sidewalk is. 'Don't look to de right, don't look to de left, but keep in de middle of de road,' Geowrge, and you will steer clear of Sonoma's new jail, whose doors are now yawning for offending bicycle riders."

The following names appear under the heading "Social and Personal" in the Index-Tribune, published March 9, 1895: R. M. Sims, B. F. Campbell, Mrs. W. Carriger, Al. Lyon, Mr. and Mrs. E. Prunty, Mrs. L. Adler, Albert F. Wade, Mrs. G. H. Hotz, Mrs. G. W. Reed, Miss Margaret Burke, Mrs. E. Perkins, Carl Ludeman, Fred. Ehrlich, Jr., Thos. Jones, Benj. Weed, A. A. Enke, M. Zoberbier, F. W. Wade, Attorney J. S. Enos, Mrs. R. J. Snyder, Dr. Walliser, John B. Skinner, Jr.. A. Gericke and daughter, Miss Gussie, Mr. and Mrs. O. Gericke, Dr. E. M. Wemple, Mr. and Mrs. G. W Beatty, who held a barn-warming- "just twenty years ago."

Mr. and Mrs. John Serras, Sr., former proprietors of the Bellevue hotel, have taken up their residence in El Verano.

The many friends of Tony Graham, of Boyes Springs, will be glad to hear that he is convalescent.

The many friends of Ceregino, the Glen Ellen butcher, are pleased to see him back on the wagon after recovering from an accident. Tony drove a nail into his leg.

Jimmie Sterling was out from Sonoma looking the town over one day last week. Jimmie predicts that the coming summer will be a hot one.

Some class to the El Verano iron bridge with its new coat of paint. The iron work is painted black while the wood work shows up nicely with a coat of white.

Alex. Bardon, the well-known section boss of the S. P., was laid up for several days in the Company's hospital in San Francisco, suffering from rheumatism. Alex., by the way, has installed a gas engine motor on his hand car, which does away with the hard graft of pumping by hand.

SAL SALARATUS.

To the Women of Sonoma Valley.

Through the instrumentality of the Sonoma Valley Woman's Club a course in the study of "The Woman's Problems of the Country Home" is to be organized by Miss Lillian D. Clarke, of the Extension Department of the College of Agriculture of the University of California. The State has appropriated the funds for this work and the women of the valley have but to ask and they will receive the instruction free of charge. The Sonoma Valley Woman's Club considers itself primarily an instrument for uplift in all lines and reserves its social side for its members only, though it is to be hoped that this course will awaken the women of the entire valley to the value of the club.

The study will be directed along the following lines: First, Sanitation; second, Labor Saving Devices; third, Efficiency in Housework. The work necessarily varies somewhat as the problems of one section of the State are unlike the problems of other sections. The work will be adapted to this particular section. Miss Clark will be present at the club parlors Mar. 19th, at 3 o'clock. All those ladies wishing to enter the work should be present at that hour.

MARGARET E. MORE,
Educational Section of Sonoma Valley Woman's Club.

The monthly party given by the club to add to the Club House fund will meet at the parlors Monday evening, March 15th. Admission 35c, incuding refreshments. The public is cordially invited.

This Happened in 1895.

A dispatch from Santa Rosa says: "Prof. Tyndall, the mind-reader, has been here the past few days and for some time has had the matter of the County Treasury robbery, committed here in December, under his investigation. He has interviewed ex-County Treasurer Stofen, and gone over every detail in the office. Tyndall was questioned about the matter, but would say nothing further than that he had formed impressions. Those impressions he was not yet ready to make public.

Sonoma County News to Be Sold.

It is reported on what seems to be the best of authority that the Sebastopol Times and the Sonoma County News, the two Sebastopol weekly newspapers, are to be consolidated in the near future, the Times taking over the News, the new publication to be handled by an entirely new man.

The Times, which was established in 1889, was purchased some years ago from J. P. McDonnel by a stock company, in which G. N. Sanborn, F. Cecil Burroughs L.V. H. Howell, J. P. McDonnel, L.G. Scott and other well-known residents of that section are stockholders.

Morris H. Crockett has been the editor for some time past, but it is understood that he is to retire and a new man will handle the combined papers.

The News is in its eighteenth volume, having been purchased a few years ago by a stock company composed of a hundred or more business men and ranchers interested in reform movements, with the view of improving civic conditions in that region. The paper has never paid a dividend. C. A. Briggs and N. H. Ament are the editors, and they also will retire when the change takes place.—Santa Rosa Press Democrat.

Sonoma Gardens Very Pretty.

With the arrival of spring it is a pleasure to see so many Sonoma residents taking an interest in the beautifying of their yards by the planting of flowers.

In order to secure the best results it is advisable to use only the best seeds, as well as good tools. F. Clew has a splendid assortment of garden tools, together with a most complete stock of C. C. Morse's flower and vegetable seeds. *

Old Tires Made New.

Remember the price you paid for those tires which are now tread-worn and useless? Don't throw them away. Send them to the Oakland Tire Co., 2413 Bartlett st., Oakland, who pay express charges and who will rebuild them and make them better than ever at approximately half the original cost. By their method of reinforcing and replacing the worn tread with leather and rivets which will wear from 5 to 10,000 miles. The tire will be returned to you guaranteed puncture-proof, retreaded, reinforced and relined, having three times the original strength to withstand the rough roads. *

Dissolution of Co-Partnership.

The co-partnership heretofore existing between A. Peluffo and B. Mori, under the firm name and style of "Mission Fruit Market," on the west side of the Plaza, in Sonoma City, Sonoma County, State of California, has this day been dissolved by mutual consent, A. Peluffo retiring.

The business of the late firm will hereafter be continued by B. Mori, who assumes all obligations of the late firm and collects all outstanding accounts. A. PELUFFO.

JUST ONE.

A man by the wayside was given one chance to get cured and took it. Because he took it his chances multiplied day by day. He did not "kill the hen that laid the golden egg" as some men are doing.

Where will you be at the next Eastertide? Will the Lenten season come to you again? Take your chance and escape the sad testing that will come to every immortal who must stand before the Great Judge who will classify men by their accepting or rejecting the gospel chance.

You need the church and the church needs you. The Congregational Church will meet to worship God and utilize their chance next Sunday morning at 11 o'clock.

It is not all of life
To live
Nor all of death
To die.

Our next effort will be to give the revealed idea of God.

Lenten Themes:

March 14th, "Jesus of Nazareth Passeth By."
March 21st, "God."
March 28th, "God is Love."

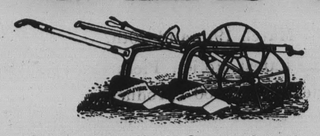
OLIVER



"The New Oliver No. 17 Gang for Orchard, Vineyard and Garden."

A REAL PLOW—not a vine—tree—or man-killer.

A man with a lame back who, at the close of his day's work with a heavy gang, sees his orchard or vineyard poorly plowed and his pet vines and trees scratched may be pardoned for using big hard words.

But there is no excuse for this condition of things any longer. The New Oliver No. 17 is light and easy to handle, plows close, runs under low branches and doesn't ruin the trees and vines.

It is a wonderful little worker, equally useful in garden or field and as handy, simple and fine-working a plow as ever was made.

It will interest you a lot, whether you need it or not—so come and see it. See the Oliver Line of walking and riding plows specially constructed for Coast Soils and conditions. There is sure to be an Oliver that will look as if it were made especially for you.

Let Something Good Be Said.

When over the fair fame of friend or foe
The shadow of digrace shall fall; instead
Of words to blame, or proof of so and so,
Let something good be said.

Forget not that no fellow being yet
May fall so low but love may lift his head;
Even the cheek of shame with tears is wet,
If something good is said.

No generous heart may vainly turn aside
In ways of sympathy; no soul so dead
May awaken strong and glorified;
If something good be said.

And so I charge ye, by the thorny crown,
And by the cross on which the Saviour bled,
And by your own soul's hope for renown,
Let something good be said.

—James Whitcomb Riley.

(IN BRIEF)

U. S. warships ordered to proceed to Mexico.

Tuesday last, Napa and Lake counties joined hands to make things merry at the Fair.

A tie placed on the track by train wreckers, derailed a locomotive and two baggage coaches of the north-bound S. P. train one mile south of San Luis Obispo. No lives lost; traffic delayed four hours.

Western Pacific purchase bill is offered in the Senate. The bill is approved by Gov. Johnson. Copies of the resolution will be sent to Pres. Wilson and both houses of Congress and the latter body is urged to take immediate steps to buy the road and operate it under Government ownership.

Four girls are strangely missing from their homes in S. F. They are: Ethel Tanner, aged 15, of 1312 Cal. st.; Margueret Quinn, 17 years old, 1679 Bush st.; Ruth McKeoh, aged 15, of 39 Hartford st. and Hazel Fisher, 17 years old.

Dario Resta, winner of the Grand Prix and the Vanderbilt cups and $6,000 in cash prizes, will give up auto racing after this season, if his pretty bride, who was Miss Marie Wishart, sister of the late Spencer Wishart. has her way. Her brother was killed while driving in a race for motor cars at Elgin, Ill.

Evelyn Thaw may testify for Harry. In previous trials affecting Thaw's liberty, Evelyn has appeared against him. Lately she has been quoted as saying: "I am tired of this case. I think Harry has been persecuted, and if I take any interest whatever in it, it will be to do what I can for him."

The uniform of nearly every nation not at war and the uniform of at least one of the navies now engaged in the world struggle will be seen on the floor of the Civic Auditorium at the brilliant military pageant-ball to be held in S F. on Mar. 25, during Vice President Marshall's visit.

"Old Domingo," a hermit, who is said to be connected with one of the old Spanish families of California, was found in a starving condition Mar. 8, in his hut on the W. O. B. Macdonough estate, near Redwood City. Steps were immediately taken to find food and shelter for the starving man, who had not eaten anything for a week. Since the death of Mr. Macdonough, the famous sportsman, the stock farm has been abandoned and "Old Domingo" has been making it his home.

That the jitney bus will eventually be supplanted by the 2-cent motor bus, is the statement of A. P. Freeman, head of the Motor Bus Services, Ltd., of Sydney, Australia, who is a visitor in San Francisco.

To remove ink stains from the hands rub the spots with the wet head of a match.

All woollen dresses should be hung out in the air and sunshine at least once in a fortnight. This will not only render them fresh and sweet, but it will also take out creases as nothing else except a tailor's iron will.

A woman noted for the frothy lightness of the mashed potato served at her board confesses to no secret in its preparation, "except perhaps, the pinch of baking powder, which I add along with the little milk and butter that everybody puts in." She has the mixture beaten hard and fast with a fork and one of all these things contributes to a most successful whole.

WIT AND HUMOR.

Sambo—"See here, Diana, aint I done tole yer to keep dis here shoe black off de parlor mantle?"

Mrs. McL—"Nay, I still hae ma doots!"

A pedigogue of the Canadian border of old New England had a pupil of Canuck extraction who was given to bursts of profanity. Many plans to break him of the habit had failed. One day a rat appeared at a hole in the corner of the cabin school house. The boy, seeing the rat, burst out, "B gad there's a rat." The teacher decided upon severe punishment. He commanded the boy to take the fire tongs and sit at the hole until he caught the rat. The room was quiet, the teacher and scholars intent upon study, when, like an explosion, the boy shouted: "By dam, I got 'im." ABE.

A Flood of Bogus Coin in the Fair City.

A flood of spurious $5 gold pieces purporting to be of 1902, made their appearance in different parts of San Francisco last week and secret service men who have been hunting for the coiners of 1913 spurious coins declared that the counterfeit gang had probably simply changed the date on its coins when the chase grew too hot. The Exposition and the water-front seemed to be the favorite dumping points for the bogus coins, but the warning, "Watch your fives!" is being issued to all who come in contact with the yellow metal.

ON THE ZONE.

Upon entering the "Zone" at the Panama-Pacific International Exposition one sees, upon entering, nothing but a miniature city of instructive and laugh producing concessions. Many persons who are "taking in" the Zone enter with a limited pocket book and on seeing the many attractive shows, are bewildered which to enter.

Mr. E. W McConnell, known all over the world as a man who produces concessions at these Fairs which are instructive and "clean" fun and laugh-producers, has several shows on the Zone that are recommendations for themselves when once you visit them.

To begin with, Mr. McConnell is manager of the Inside Inn. This is a popular priced hotel, with a grill adjoining, where the Exposition visitors can have Class A service and yet be within his means. The hotel is located inside of the Exposition grounds, which enables the guests to see the Exposition at will.

The three educational and most popular of the McConnell attractions are: "Creation," "Evolution of the Dreadnaught" and "Battle of Gettysburg'

"Creation" has been declared by European critics as the world's most beautiful scenic and electrical spectacles. It is a reproduction of the first chapter of the Book of Genesis, showing the creation of the world out of chaos, birth of man and Adam and Eve, shown in the Garden of Eden.

The "Evolution of the Dreadnaught" shows, by a series of battles fought with the real implements of warfare, the development of the navies of today from original war galley of prehistoric times.

The "Battle of Gettysburg" is an absolutely accurate reproduction of the crucial battle of the Civil war. Both Confederate and Union soldiers who fought in this famous battle, are at hand to lecture upon its various phases.

"Eden Musee" is an attractive exhibit in the form of wax figures.

Mr. McConnell's other attractions are the Samoan Village, "Captain," the horse with a human brain and "Pharoah's Daughter."

There are times when one is down hearted and blue. If you happen to be near the Zone when you feel like this, there are two places there that guarantees to clear up this cloudy feeling—the Jester's Palace and the Joy wheel.

Although there are many other attractive and instructive Zone concessions, we can recomend the above mentioned shows are the ones that should NOT be overlooked.

LOCAL MAN REPRESENTED ON THE ZONE

Miller Brothers who own and run the 101 Ranch at the P.P.I.E. have spared no expense in gathering talent for their conceasion. They have about two hundred performers and live stock galore.

The "High School" horses perform like "University" horses, the Cowgirls and Cowboys giving wonderful exhibitions of fancy and rough riding The Indians show to the public, novel features amoung which they have a real war dance.

Messers. Miller present a company of "Fancy Drill" soldiers who perform marvelously and end their exhibition with wall scaling.

The fancy roping and lassoing is an attraction. We haae all heard of riding horses put when it comes to riding stears, to appreciate the sport of such riding, one must see the 101 Ranch.

This exhibition also inclndes a stage coach hold-up and another novel feature is "How Cowboys treat Horse thieves".

Our own Tom "Slocum" Millerick, Champion Ropeman at the State Fair, Sacramento in 1612, is well represented in 101 Ranch. He has about 40 head of horses in the show and also takes part himself. He gives an exhibition of roping and rough riding.

The educated mule and his rider and the Indian Squaw Sharpshooter are beyond doubt, marvelous in their respective parts.

Notwithstanding the heavy over head expense that Miller Bros. are subjected to, they offer their show at a moderate price, and it should be visited by all who go into the Exposition Grounds.

Many S. F. visitors enjoyed dinner at the always popular Embarcadero hotel.

Mrs. J. Schumacher is having a visit from her sister, Mrs. E Converse of Sonoma this week.
